Soft Skills

- Great communication skills
- Efficient
- Creative
- Determined
- Hard working
- Excellent leadership skills

Experience

Baby's Closet /Logo Designer

May 2023 - May 2023, 20 Old Indian Road, West Orange, NJ

I was commissioned to create a logo reflecting the mission of the nonprofit company. Their mission was to deliver diapers, food, clothes, and other baby necessities to families who are unable to afford these products. The client requested only one version of the logo to be presented to them, and I sent them my best logo.

- The logo was created in a time-efficient manner and met the deadline for the project
- Adobe Illustrator was the software used to execute this project
- Took full advantage of the great creative freedom given to me
- Had open and clear communication with the client, especially when discussing minor revisions

—
